Helsen Khores Yehuda

IT System Developer & Support

PROFESSIONAL SUMMARY Experienced IT professional with a strong background in Network Administration, Hardware Maintenance, and ERP Systems. Recently expanded expertise into Web Application Development, utilizing Laravel and Node.js to build internal tools that optimize operational efficiency. Proven ability to combine technical infrastructure knowledge with software development to solve complex business problems. Dedicated, disciplined, and eager to leverage full-stack skills in a challenging environment.

Experience

September 2025 - present

IT System Developer & Support

PT. Sinar Mulia Makmur (Newton Technologi)

Versatile IT System Developer & Infrastructure Specialist with over 10 years of experience. Expert in bridging the gap between hardware infrastructure and software solutions. Recently expanded technical scope by designing custom ERP-modules (Inventory, HR, & Procurement) using the Laravel Framework to streamline operational efficiency. Possesses deep technical command of Database Management, Network Security (Fortinet/Mikrotik), and System Analysis, ensuring holistic and secure IT environments.

- Full Stack Web Development : Spearheaded the end-to-end development of three key internal web applications (Newton Asset, L'senBox, and Toner Ordering System) using the Laravel Framework to digitize manual business processes.
- IT Asset Management System :Designed and deployed "Newton Asset," a centralized inventory platform featuring QR Code automation for asset tagging, lifecycle tracking (mutation & depreciation), and comprehensive PDF/Excel reporting.
- HR System Digitalization : Built "L'senBox," a secure online attendance application enabling real-time digital clock-in/out for employees and providing automated performance dashboards for the HR department.
- Database & Server Administration: Managed MySQL database architecture and application deployment using phpMyAdmin, ensuring query optimization, data integrity, and routine backup protocols.

September 2024 - Maret 2025
